

NAWINIA LOGISTICS FAMILY

Company introduction

Logistics family NAWINIA was established by alliance of several big logistics companies existing from the late 1990s. NAWINIA mission is to provide effective logistics service and make your business more successful. We provide a wide range of logistics service within Russia, CIS countries, Southeast Asia, Europe and USA..

NAWINIA develops independent service chain in CIS countries and China.

NAWINIA philosophy

NAWINIA team is constantly working on providing better service for our clients with modern technologies and innovations.
This is reflected in our logo:

Orange — **experience**, which we gathered

Green — **innovations**, development, service improvement

White — **wisdom**, borrowed from orient partners

Irregular shape symbolizes **flexibility**

NAWINIA

= NAVIS + WIN + IA = КОРАБЛЬ, ПОБЕДА И Я!

Our partners

NAWINIA services

Our main priority is to organize worldwide complex supply chain service.

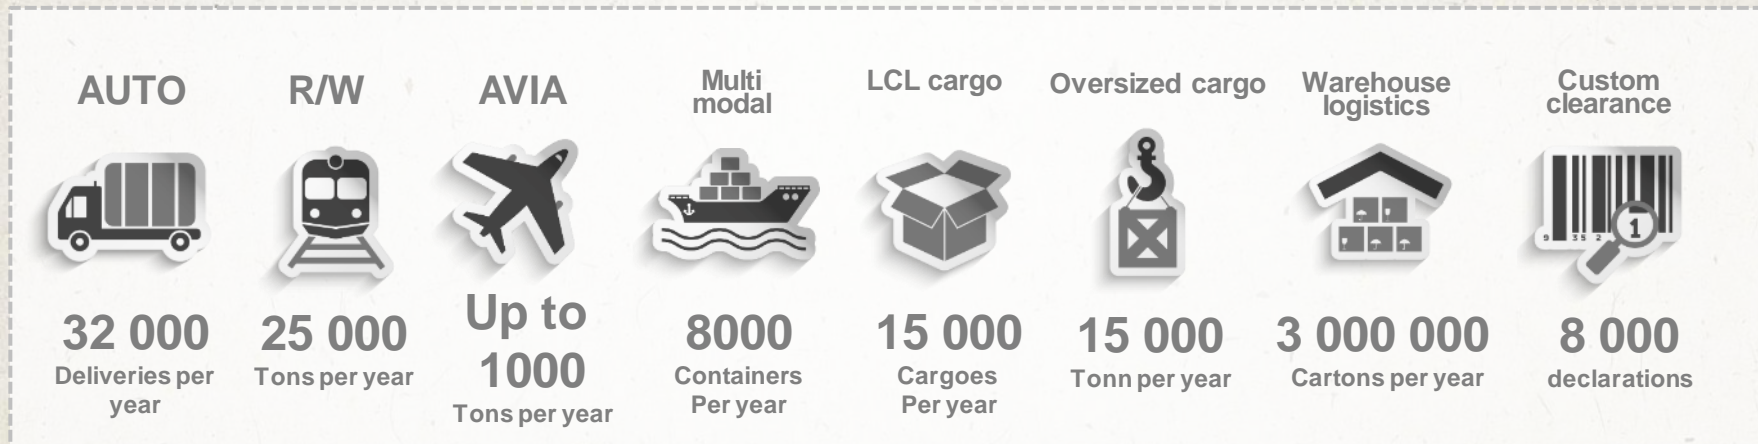

Our team can organize a complex delivery with different kind of transportation in the shortest time.

We guarantee cargo safety and arrange all custom procedures..

NAWINIA provides a wide range of services:

- autotransportation,
- Railway transportation
- air transportation
- Multimodal transportation
- Oversized transportation
- LCL cargo delivery
- Warehouse logistics
- Custom clearance

Our results:

Our verified partners:

Complex logistics

The main goal of Nawinia is “door to door” complex of logistics services. We provide for our clients air delivery, railway delivery, sea and auto transportation. Besides we provide warehouse service,

professional custom service and project cargo transportation. So we combine different logistics services and can organize a complexed logistics chain for your business saving your time and money.

We guarantee good service, provided by our own network, which includes our long time partners, the main logistics companies.

Air Transportation

When time is a key factor and when it comes to cargo transportation, air delivery is the best choice. For our clients convenience we provide both international and domestic air freight operations as well as full range of additional services. We cooperate with the biggest and most reliable carriers, such as Aeroflot, Transaero, Air China

Auto Transportation

Auto delivery is a good alternative to railroad shipments for distance less than 2000 km. European part of Russia, Central part of Russia and Ural Region are the most popular destinations for auto transportation.

We provide both regional auto delivery within Russia and CIS countries and international auto deliveries from Europe. We maintain long term contracts with proven and well-established agents.

International auto transportation from NAWINIA:

- Europe, CIS countries, Turkey
- tarpaulin and curtain-sided motor vehicles with 24,82,120cub cargo space, refrigerators, isothermal bodies and container trucks
- Packaged cargo delivery with warehouse chain in Germany and Baltic countries
- Partnership with JSC Sonvtransavto-Moscow (RUSTA Holding)

Railway Transportation

Railway delivery is the best choice for long distance transportation. **NAWINIA** has a many years cooperation experience with Russian Railways and railway companies from CIS, which guarantees sustainable delivery in time.

Project cargo transportation

NAWINIA is experienced to operate oversized cargos delivery of variate complexity. Our portfolio includes delivery of oversized cargo, such as excavators, power units for water power plants, auto equipment, drilling devices for oil industry and etc.

In 2013 we accomplished the project delivery from Mariupol to Boguchanskaya water power plant, which is located Krasnoyarsky Krai. River-sea vessel passed 7000 km from Azov sea to Angara river.

Equipment and transformers transportation for Boguchanskaya water power plant

- A: Loading at Mariupol (Ukraine)
- B: Custom duties at Rostov-on-Don
- B-C-D: Transportation at Internal waterways system of White Sea and Enisey, Angara rivers
- D: Barge transshipment
- E: Unloading and truck delivery to destination point

A map showing the locations of NAWINIA warehouses. The map covers parts of Europe, Russia, China, and Southeast Asia. Warehouses are marked with yellow box icons and labeled: Samara (Russia), Novosibirsk (Russia), Vladivostok (Russia), Shanghai (China), Ningbo (China), and Guangzhou (China).

Warehousing service

No logistic chain can be complete without warehousing service. **NAWINIA** has more than 10 years of experience with cargo flow optimization and cross-docking. Today we have warehouses in both China and Russia: Shanghai, Guangzhou, Ningbo, Moscow, Novosibirsk and Vladivostok. **NAWINIA** is experienced with warehouse operating of different goods, including garments, shoes, spare car parts. In addition to cargo storage we also provide services as below:

- Goods packaging/markings
- Quality and quantity control
- Export/import documents handling

NAWINIA

Multimodal shipments

In case of long distance transportation or transportation between different continents it's necessary to arrange several types of transportation vehicles. For shipments like this **NAWINIA** can offer multimodal transportation. We can optimize and organize delivery from any part of the world, **NAWINIA** world wide network will save your time and money. **поможет**

LCL cargo shipments

If your cargo volume isn't enough for container shipment, you can choose our LCL service. With LCL service we consolidate different small volume cargoes, this type of delivery has a lower cost. With LCL service **Nawinia** brings you the best service.

Custom service

NAWINIA has official custom broker license № 0689/00.

We can provide services as below:

- Complex documentation for customs
- Consulting customs law
- HS code classification
- Certification of the transported goods
- Presenting client's interests at the customs;
- Optimization of custom duties
- Custom documents handling

Custom ports of NAWINIA

- Vladivostok custom
- Nakhodka custom
- Chita custom
- Novosibirsk custom
- Tumen custom

- Kingisepp custom
- Smolensk custom
- Central excise custom
- Moscow Region custom
- Moscow custom
- Novorossiysk custom
- Sheremetyevo custom
- Dovomedovo custom
- Vnukovo custom

Long-term and successful
cooperation with

Kira Plastinina
&
GLORIA JEANS

We built the entire logistics chain for «**Kira Plastinina**» and «**Gloria Jeans**» companies. Since 2011 **NAWINIA** has been developing its logistics chain, which includes transportation, warehousing, custom clearance for these brands. With **NAWINIA** hard work these companies business models were transformed from wholesale to successful retail chain.

Our work starts with delivering goods from 350 factories all over China to **NAWINIA** warehouses in Shanghai and Guangzhou. Then, depending on goods type and delivery time, cargo is sent by several types of routes by air, sea and rail. Final destination points – distribution centres in Moscow, Yekaterinburg, Novosibirsk, Ukraine, Armenia. We also arrange custom clearance at these destination points.

Project for **kastamonu**

Another **NAWINIA** successful project with equipment delivery for Turkish company **Kastamonu**: the project started in 2013: factory with production of MDF with capacity 550 000 m³, located in special economics zone Elabuga, Tatarstan. NAWINIA sent 153 trucks with different equipments for the factory, 32 trucks transported oversize woodworking production lines from Herford, Germany to Elabuga, Tatarstan.

«China house» transportation to Sochi

One of **NAWINIA** projects was transportation of “China house” under order of Olympic Committee of China for Sochi Winter Olympic Games in 2014. The components for the “China house” were designed and produced in China, then were sent by air to Sheremetyevo with **NAWINIA**, from there to Sochi by truck.

This nonstandard cargo with weight over 100 tons was safely transported to Russia and after Olympic Games it was safely delivered back by sea to China.
